

Health Care Transactions

Our Health Care Transactions Team can help you move forward with a well-crafted plan that meets your applicable tax, operational and regulatory goals for any merger or acquisition. Our attorneys have a wide range of experience structuring and negotiating transactions of all sizes and are skilled in:

- Negotiating and structuring mergers and acquisitions, including transactions involving private equity
- Advising on strategic alliances and affiliation agreements
- Assisting with organizational structure, including for nonprofit health systems
- Restructuring/developing corporate governing documents and governance agreements
- Addressing the application of fraud and abuse laws
- Resolving issues involved in maintaining or obtaining tax-exempt status
- Assisting in joint venture formation and joint venture agreements
- Advising on regulatory issues surrounding transactions
- Assisting with licensing issues related to transactions
- Working on financing issues and bond matters, including issues involving HUD financing
