

In CDW's Case Study, Reinhart's Director of Information Technology Jerry Bishop Discusses How Reinhart Optimized and Virtualized the IT Infrastructure

Reinhart's "lawyers and support staff rely on virtual desktops to communicate, conduct research, write contracts and briefs, and prepare for trials," notes IT Director Jerry Bishop in an article by CDW.

With the help of CDW, Bishop was able to diagnose "performance glitches and develop a longterm strategy to future-proof the environment." And more importantly, Reinhart's "corporate information is more secure, which "better protect the company from viruses and spyware, but also employees don't have to worry about losing important or sensitive information from a hard drive crash or stolen notebook computer" states Bishop.
