

Reinhart Forms Financial Markets Crisis Team

MILWAUKEE – [Reinhart Boerner Van Deuren s.c.](#) announces the formation of a multi-disciplinary team of lawyers devoted to handling issues related to the current crisis affecting the financial markets. Clients in all industries are concerned about how the situation will affect them.

"The current financial situation has far-reaching effects on many of our clients," notes [Jerome M. Janzer](#), Reinhart's President, CEO and Chairman. "To address these effects, we are pooling the experience of our lawyers from a broad range of practice areas. By doing so, we can readily help clients from all industries navigate these difficult times and assist them in taking advantage of opportunities presented by the legislative and regulatory responses to the credit crisis."

The new Financial Markets Crisis Team includes lawyers from Reinhart's Banking and Finance, Business Reorganization, Business Law, Employee Benefits, Litigation, Real Estate, Tax, and Trusts and Estates Practice Areas. These lawyers are able to provide sound counsel on the challenges resulting from today's rapidly changing economic environment.

"We are providing comprehensive advice and resources to clients who are affected by the current crisis in the financial markets," said [William F. Flynn](#), a shareholder in Reinhart's Banking and Finance Practice Area who focuses his practice on banking law and financial matters. "We are developing informational seminars and our team is prepared to further serve as an information portal for our clients."

The Financial Markets Crisis Team will advise Reinhart's financial institution clients on new legislation and regulations, as well as offer information on high-interest topics such as the sale of troubled assets and the Treasury program to purchase capital issued by financial institutions. In addition, many of Reinhart's business clients who are concerned about the implications this challenging situation will have on their access to credit also will benefit from the expertise of the Financial Markets Crisis Team.

"We will continue to advise clients whose access to normal financing has been affected by the credit crisis," said Flynn. "We will help them understand their rights and obligations under their loan agreements, as well as to develop and locate alternate financing sources, if needed."
