The survey responses as part of these rankings were combined with more than 3.1 million evaluations of individual lawyers in these firms in the most recent Best Lawyers survey. Hard numbers were also used to develop the practice area rankings — data about numbers of lawyers and their previous experience, numbers of clients within different billing ranges, numbers of transactions and litigation matters at different dollar levels; pro-bono commitment, diversity, and other objective data.

The following comments from Reinhart clients, gathered by U.S. News Media Group and Best Lawyers as part of their Best Law Firms survey, appear on USNews.com:
