

Thelen Shares Insights on the Future of Information Technology at Technology Conference

Jason Thelen participated in the Wisconsin Technology Association's (WTA) Annual Conference on the leadership panel "Being More Human in the Era of Machines." The panel discussion focused on the challenges and strategies related to implementing new technologies like artificial intelligence, emphasizing the importance of acknowledging risks, integrating with existing technologies and fostering a culture of technology adoption and continuous upskilling.

Thelen is the Chief Information Officer at Reinhart. With his in-depth understanding of enterprise service delivery, he provides leadership to the Application, Technical and End-User Service teams. In addition, Thelen provides technical guidance to the firm's information systems security and compliance.
